WAREHOUSE WORKHORSES

From the loading dock to the lumberyard, there's a LiuGong forklift getting a job done. Companies across the globe depend on our products to keep their product moving. Here in North America, our lineup includes over 30 models of Class 1, 3, 4 and 5 machines that offer unbeatable value, with many of the same features found in more expensive machines but at a price that helps make the most of your budget. And that helps your bottom line, even while you're putting that next load high up on a shelf.

https://truckmanualshub.com/

GREAT PARTNERS AND A STRONG WARRANTY IT'S HOW WE DELIVER REAL VALUE

LiuGong works with strong global partners to ensure our products are well-built and dependable. Manufacturers like Kubota (engines), ZF (transmissions), Kessler (drive axles) and Curtis (electronics) are recognized across the industry and ensure our trucks are built for the task and live up to your demands each and every day.

Another key feature in the value equation is peace of mind, and with our XtraCare warranty you can purchase with confidence. Every LiuGong truck is backed with a 3 year/6,000 hour comprehensive warranty with the ability to extend that further to 5 year/10,000 hour. We keep a full supply of parts in stock and get them to you with same-day shipment capability.

1

ELECTRIC SIT DOWN RIDER TRUCKS

3-wheel and 4-wheel sitdown electric riders get the job done in applications where a low carbon footprint is vital, like food storage, warehousing and big box settings. Electric trucks offer a lower cost of ownership, less scheduled maintenance and fewer moving parts in addition to zero emissions. Powered by fast-charging lithium ion batteries, our electrics offer load capacity, lift and lower speeds, and travel speed as well as IC trucks.

ELECTRIC PALLET JACKS & STACKERS

Large or medium sitdown riders aren't always practical in a warehouse with narrow aisles. Our Class 3 lineup offers pallet jacks, walkies, walkie riders and M riders, typically used for storage trucks, cold storage, grocery stores and ideal for unloading deliveries and moving into a staging area. Supplement your existing forklift lineup to handle all your cross-dock applications with these environmentally friendly solutions that offer fewer moving parts for reduced maintenance.

INTERNAL COMBUSTION ENGINE TRUCKS

CUSHION TIRES

LiuGong offers Class 4 internal combustion machines in the 4,000-5,000 lb range, with cushion tires for indoor or outdoor use. From the loading dock to the last pallet, these workhorses are efficient and nimble. With features like full-suspension seats, horn on the handle, and swing-down LP tank brackets, which help operators of all sizes do a little less heavy lifting. And with 500-hour service intervals and easy access to service points you'll experience reduced downtime with less scheduled maintenance.

INTERNAL COMBUSTION ENGINE TRUCKS

PNEUMATIC TIRES

LiuGong offers more than a dozen Class 5 internal combustion (pneumatic) machines, ranging from 4,000-10,000 lbs. Powered by either diesel or LP, they're ideal for outdoor use in places like wide-aisle home improvement and gardens centers, lumber yards, foundries, steel mills and more. Hard environments, rough terrain and heavy loads don't faze them, they'll more than handle your most heavy duty challenges. Full suspension seats for rider comfort. 500-hour service intervals and convenient access for easy maintenance.

THERE'S NO SUCH THING AS OVER-ENGINEERED

Toughness. You could say we're known for it. LiuGong is earning a reputation for manufacturing tough construction equipment with advanced engineering. We take the same approach to our forklifts. LiuGong lift trucks are more robust, are built with more steel, and utilize better components to offer increased lifting capacity and powerful performance.

FULL-SUSPENSION SEATING

LiuGong maximizes operator comfort and productivity. Our goal is to offer the most comfortable operator work space in the industry. It starts with the seat you spend so much time on. Full-suspension, adjustable to accommodate a range of operators, and made with premium materials to withstand years of use and abuse.

CUSTOMER-DRIVEN DESIGN

Features that add convenience, better ergonomics, and safety are often treated as premium or luxury, with the higher price point to match. Not with LiuGong. We think features like easy to reach handles, wide steps, increased foot space and an adjustable tilt steering column with built in horn are an absolute must to do your job. Our full floating driveline significantly reduces noise and vibration. And LED flood lights provide long life and improved visibility.

https://truckmanualshub.com/

EASY DOES IT

Swing-down LP tank brackets add another dimension of convenience. While most brackets swing out for changing tanks, LiuGong trucks go one step beyond industry standard by also swinging down for less strain on your back. For a smaller individual having to manage a 40 lb tank, not having to raise it up another five feet makes a big difference.

500 HOUR SERVICE INTERVALS

You'll find a lot of standardization in the forklift industry, and so its easy to think of all lift trucks as the same. That is, until you reap the benefits of 500-hour service intervals compared to the industry standard 250.

MECHANICS LOVE US

LiuGong makes our trucks easier to work on. Accessibility, space to work in and the belief that the more general you can make the parts, the easier it is to replace them when needed makes a big difference. Serviceability is crucial for dealers, who are truly the first line of service. But with same day service (with return times often within 48 hours), a 95% parts fill rate and over $12 million parts in stock, our products are well-supported.

XtraCare

3 Year/6000 hour comprehensive warranty included in every LiuGong internal combustion and electric sit down forklift.

XTRACARE WARRANTY

XtraCare+

Warranty can be extended up to 5 year/10000 hour comprehensive or just powertrain

1 Year/2000 hour comprehensive warranty on electric pallet jacks, walkies and stackers.

XTRACARE+ WARRANTY

6 Month warranty on manual jacks.

XtraCare and XtraCare+ assures you will receive LiuGong genuine replacement parts and service coverage by any authorized LiuGong dealer.

XtraCare and XtraCare+ warranty coverage is transferable with your equipment, adding value to resell or equipment trade.
