

LUZHONG LZ304

KEY FEATURES

- Power Steering • 300kg Front end loader SWL • 4 in 1 Bucket
- 2 year parts warranty • 2 year in house labour warranty
- Dedicated hydraulic pumps • Shuttle shift

FEATURES

Brand new with warranty
Front end loader (4 in 1 bucket)
Four wheel drive
3 cylinder engine
55hp drive train
Shuttle shift
8 speed gearbox
Dual stage clutch
1800kg weight with FEL (no cabin)
Cat 1, 3pt linkage with down force
Power Take Off (2 speed)
Certified Roll Over Protection ROPS
Sunshade (overhead sun protection)
Dual rear remote hydraulic couplings
Electronic hour meter
Full range of dash mounted gauges
Differential lock
Full lighting, horn, indicators, mirrors
Fully sprung comfort seat
Dual hydraulic pumps
No computers to breakdown
Oil bath Primary air cleaner
Self levelling FEL with sight stick
Spring loaded bonnet
Huge spare parts inventory
Realistically priced
Full tool kit & manuals supplied

BENEFITS

Peace of mind that only new can give
Move dirt, hay, lift logs, pallets etc
Increased stability, and traction in the wet
Proven to be most reliable design engine
Bullet proof drive system sold world wide
Simple 1 lever forward and reverse
Speeds from 2.5 kph to 35kph
For world best quality and reliability
Inbuilt strength & safer in hilly conditions
Suits all standard rear mounted implements
Allows slashing, fencing, rotary hoeing etc
Safety in case of a rollover accident
Protects operator from UV damage
Allows remote hydraulic cylinder operation
Makes on farm servicing easy & reliable
Keeps the operator fully informed
Added traction in wet and boggy conditions
Able to be road registered
Sore back and neck minimised
FEL and steering on separate circuits
Simple electronics, only 8 fuses
Takes dangerous dust away from FEL work
Ease of bucket filling
Allows easy access to engine compartment
Shipped around Australia overnight
Unbeatable value for money
On farm servicing made easy

LZ304 Tractor from LUZHONG LZ series

A very popular tractor from the Luzhong range and it's the perfect option for small properties and hobby farm owners looking for a small tractor for those jobs that just cannot be done by hand.

Like all our tractors the Luzhong is fitted with a front end loader with 4 in 1 bucket ideal for cleaning up your property.

While the Luzhong isn't as robust in its design of our Enfly tractors they certainly have a place in the market of small acreage and hobby farms, with basic functions and a proven 3cyl diesel engine and easy serviceability this tractor will take the hard work out of your jobs.

Luzhong is one of the largest tractor manufactures in China, producing over 30,000 tractors for export to over 30 countries including Australia where they're being sold since 1999.
