A technical line drawing of a hydraulic excavator's boom and bucket. The boom is shown in two positions: a retracted position on the left and an extended position on the right. The bucket is red and is shown in a digging position at the end of the boom. The drawing illustrates the mechanical structure and movement of the excavator's arm.

This exploded view diagram illustrates the assembly of a mechanical component, likely a pump or motor housing. The main body is shown in the center. To its left is a large circular flange (1) with a central hub (2) and a gasket (10). Above the main body is a small circular cover (8) held by a screw (4) and a pin (5). To the right of the main body is a small circular cap (6) held by a screw (7) and a pin (11). Below the main body is a small circular flange (1) with a central hub (2) and a gasket (10). The main body has a large circular opening on the right side, which is sealed by a gasket (1) and a cover (1). The diagram uses dashed lines to show the alignment of the components.

A detailed technical line drawing of a mechanical assembly, possibly a pump or motor. The drawing shows a complex arrangement of pipes, valves, and structural components. A prominent feature is a red circular element with a cross-hatch pattern, likely representing a valve or a specific component. The drawing is oriented horizontally, showing the side profile of the assembly.

This exploded view diagram illustrates the assembly of a mechanical component. The parts are numbered as follows:

- 1**: A circular plate with a pattern of small holes.
- 2**: A small pin or screw.
- 3**: A small rectangular component.
- 4**: A circular plate with a central hole and a flange.
- 5**: A small pin or screw.
- 6**: A circular plate with a central hole.
- 7**: A circular plate with a central hole.
- 8**: A circular plate with a central hole.
- 9**: A circular plate with a central hole.
- 10**: A circular plate with a central hole.
- 11**: A small pin or screw.
- 12**: A small pin or screw.
- 13**: A small pin or screw.
- 14**: A circular plate with a central hole.

The diagram shows the relative positions and assembly sequence of these parts, with dashed lines indicating the alignment and path of assembly.

A technical line drawing of a three-branch hydraulic manifold assembly. The assembly consists of a central manifold body with three ports. One port is connected to a long hydraulic cylinder with a double-acting piston rod. The other two ports are connected to shorter hydraulic cylinders, also with double-acting piston rods. The manifold body is colored red, while the cylinders and their mounting brackets are shown in black and white. The drawing is a perspective view, showing the spatial arrangement of the components.

This diagram illustrates the assembly of a hydraulic pump. The main components are shown in an exploded view, with numbered callouts (1-29) identifying individual parts. The assembly includes a main pump housing, a drive shaft, a pump head, and various internal components like valves and seals. Three bags of material are shown at the bottom, labeled 1(□), 24(▲), and 28(●), which likely represent different grades of hydraulic oil or lubricants. The diagram is a technical drawing with dashed lines indicating the assembly sequence and alignment of parts.

A technical line drawing of a four-wheeled vehicle chassis. The frame is highlighted in red, showing a front cross-member, a central longitudinal beam, and a rear cross-member. The front suspension consists of a steering knuckle connected to the front cross-member by a tie rod. The rear suspension features a leaf spring assembly connected to the rear cross-member. All four wheels are fitted with large, deep-tread tires. The drawing is a perspective view from the front-left.

This diagram illustrates the assembly of a mechanical component, likely a motor housing or a similar enclosure. The main body is a large, grey, L-shaped structure. A callout box at the top center shows an eye icon and an arrow pointing to the right, with the text "62 10 1A". Another callout box on the left shows an eye icon and an arrow pointing to the left, with the text "51 20 1A". The assembly includes various fasteners and components, numbered 1 through 19. The main body has a large circular opening on the left side. A smaller, curved component is shown below the main body, with a callout box showing an eye icon and an arrow pointing to the left, with the text "51 20 1A". The assembly is shown in an exploded view, with dashed lines indicating the assembly path. The main body is shown in a perspective view, with the smaller component shown in a top-down view.
