Hiab Moffett Truck-mounted forklifts

Load Handling & Delivery Solutions

Truck-mounted forklifts are an important asset for successful businesses throughout all industries, helping to make more deliveries in less time.

Used on one or on several trucks, this loading device offers outstanding versatility. Hiab Moffett Truck-mounted forklifts are unrivalled in performance and reliability.

Equipped with the latest features for optimised load handling, they help you master typical load handling challenges:

> Faster deliveries result in improved operating efficiency and allow you to deliver more goods in less time

> No more waiting on offloading equipment/personnel on site

> Negotiate within confined areas, including one-side offloading

> Eliminate manual handling

> Reduce product damage during transport, on-and offloading

> Deliver anytime, being entirely independent from other offloading equipment and personnel

> Pick and choose your load order as you can access and offload from any location of the vehicle

> Offer premium customer service, delivering on demand, on time, efficiently and directly to the location required

Hiab Moffett M10, The Specialist For One-Side Offloading

The M10 is the specialist machine for one-side offloading, fitted with forks and extendable boom. For one-side offloading the boom is extended to reach over the truck and trailer bed, with the load simultaneously supported by rollers.

The low overall height of the machine is ideal for operation in restricted working heights. With its light-weight body, the M10 is compact enough to be carried on almost any truck or trailer.

Leading Technology

Standard Features

The M10 is the dedicated model for one-side offloading and operation in low working heights. With a lift capacity of 2500kg, it is designed for a wide range of industrial applications on both firm and rough ground conditions. The extensive standard features of the Hiab Moffett M10 provide maximum operating safety and efficiency when negotiating medium and heavy loads:

> Flashing beacon and work lights

> Reverse bleepers, road lights and interlocking seat belt

> ROPS/FOPS Driver Compartment (Rollover/Falling Object Protective Structure)

> Stabilizers for added stability when loading in front of wheels

> Differential Lock for better grip on rough terrain

> Easy access to serviceable parts

Options

Whatever the applications, the Hiab Moffett M10 is available with an extensive range of options:

> 4-way model for long loads
> Different tyre options
> Choice of Forks

> Hiab Moffett Ground Mount ™ *
> Load Backrest
> Engine Heater

* The Ground Mount™ System allows the operator to safely mount/dismount the Truck-mounted forklift from ground level in under 60 seconds, using a wireless remote control unit.

Attachments

We provide solutions to some of the most unique load handling requirements with a variety of attachments available to enhance the M10.

Designed to handle an assortment of products, our Attachment Line offers efficiency and flexibility.

> Squeeze Forks
> Fork Positioner
> Brick Forks

> Rotator
> LIFT ASSIST© SYSTEM*

* The combination of a telescopic boom and a LIFT ASSIST© SYSTEM allows loading/unloading from the far side of a fully laden truck or trailer at full lift capacity.

Ergonomics

> Tinted all-weather overhead guard cover
> Spacious, open cabin design for maximum visibility and comfort
> Easy reach joystick control
> Comfortable pedal and steering position
> Operator friendly entry/exit with slip resistant steps and easy reach grab handles
> Smooth driving

Safety

> Maximum Visibility (360 degrees)
> Overhead Guard ROPS/FOPS tested
> Interlocking seat belt
> Flashing beacon, work lights and reverse bleeper
> LED road lights for transport on truck/trailer
> Load moment indicator

Performance

> Compact and highly manoeuverable
> Excellent gradeability
> Low unladen weight
> Faster unloading
> One-side off/onloading
> Safer handling of goods

Maintenance

> Long service intervals
> IP 65 proof electrical components
> Easy access to all serviceable parts
> LED lighting for longevity and less maintenance
> Weather and corrosion resistant features include:
- Protected electrics
- Fully enclosed dashboard
- Powder-coat paint
- Nitrotec treated pins

Technical Specifications

M10 25.3
