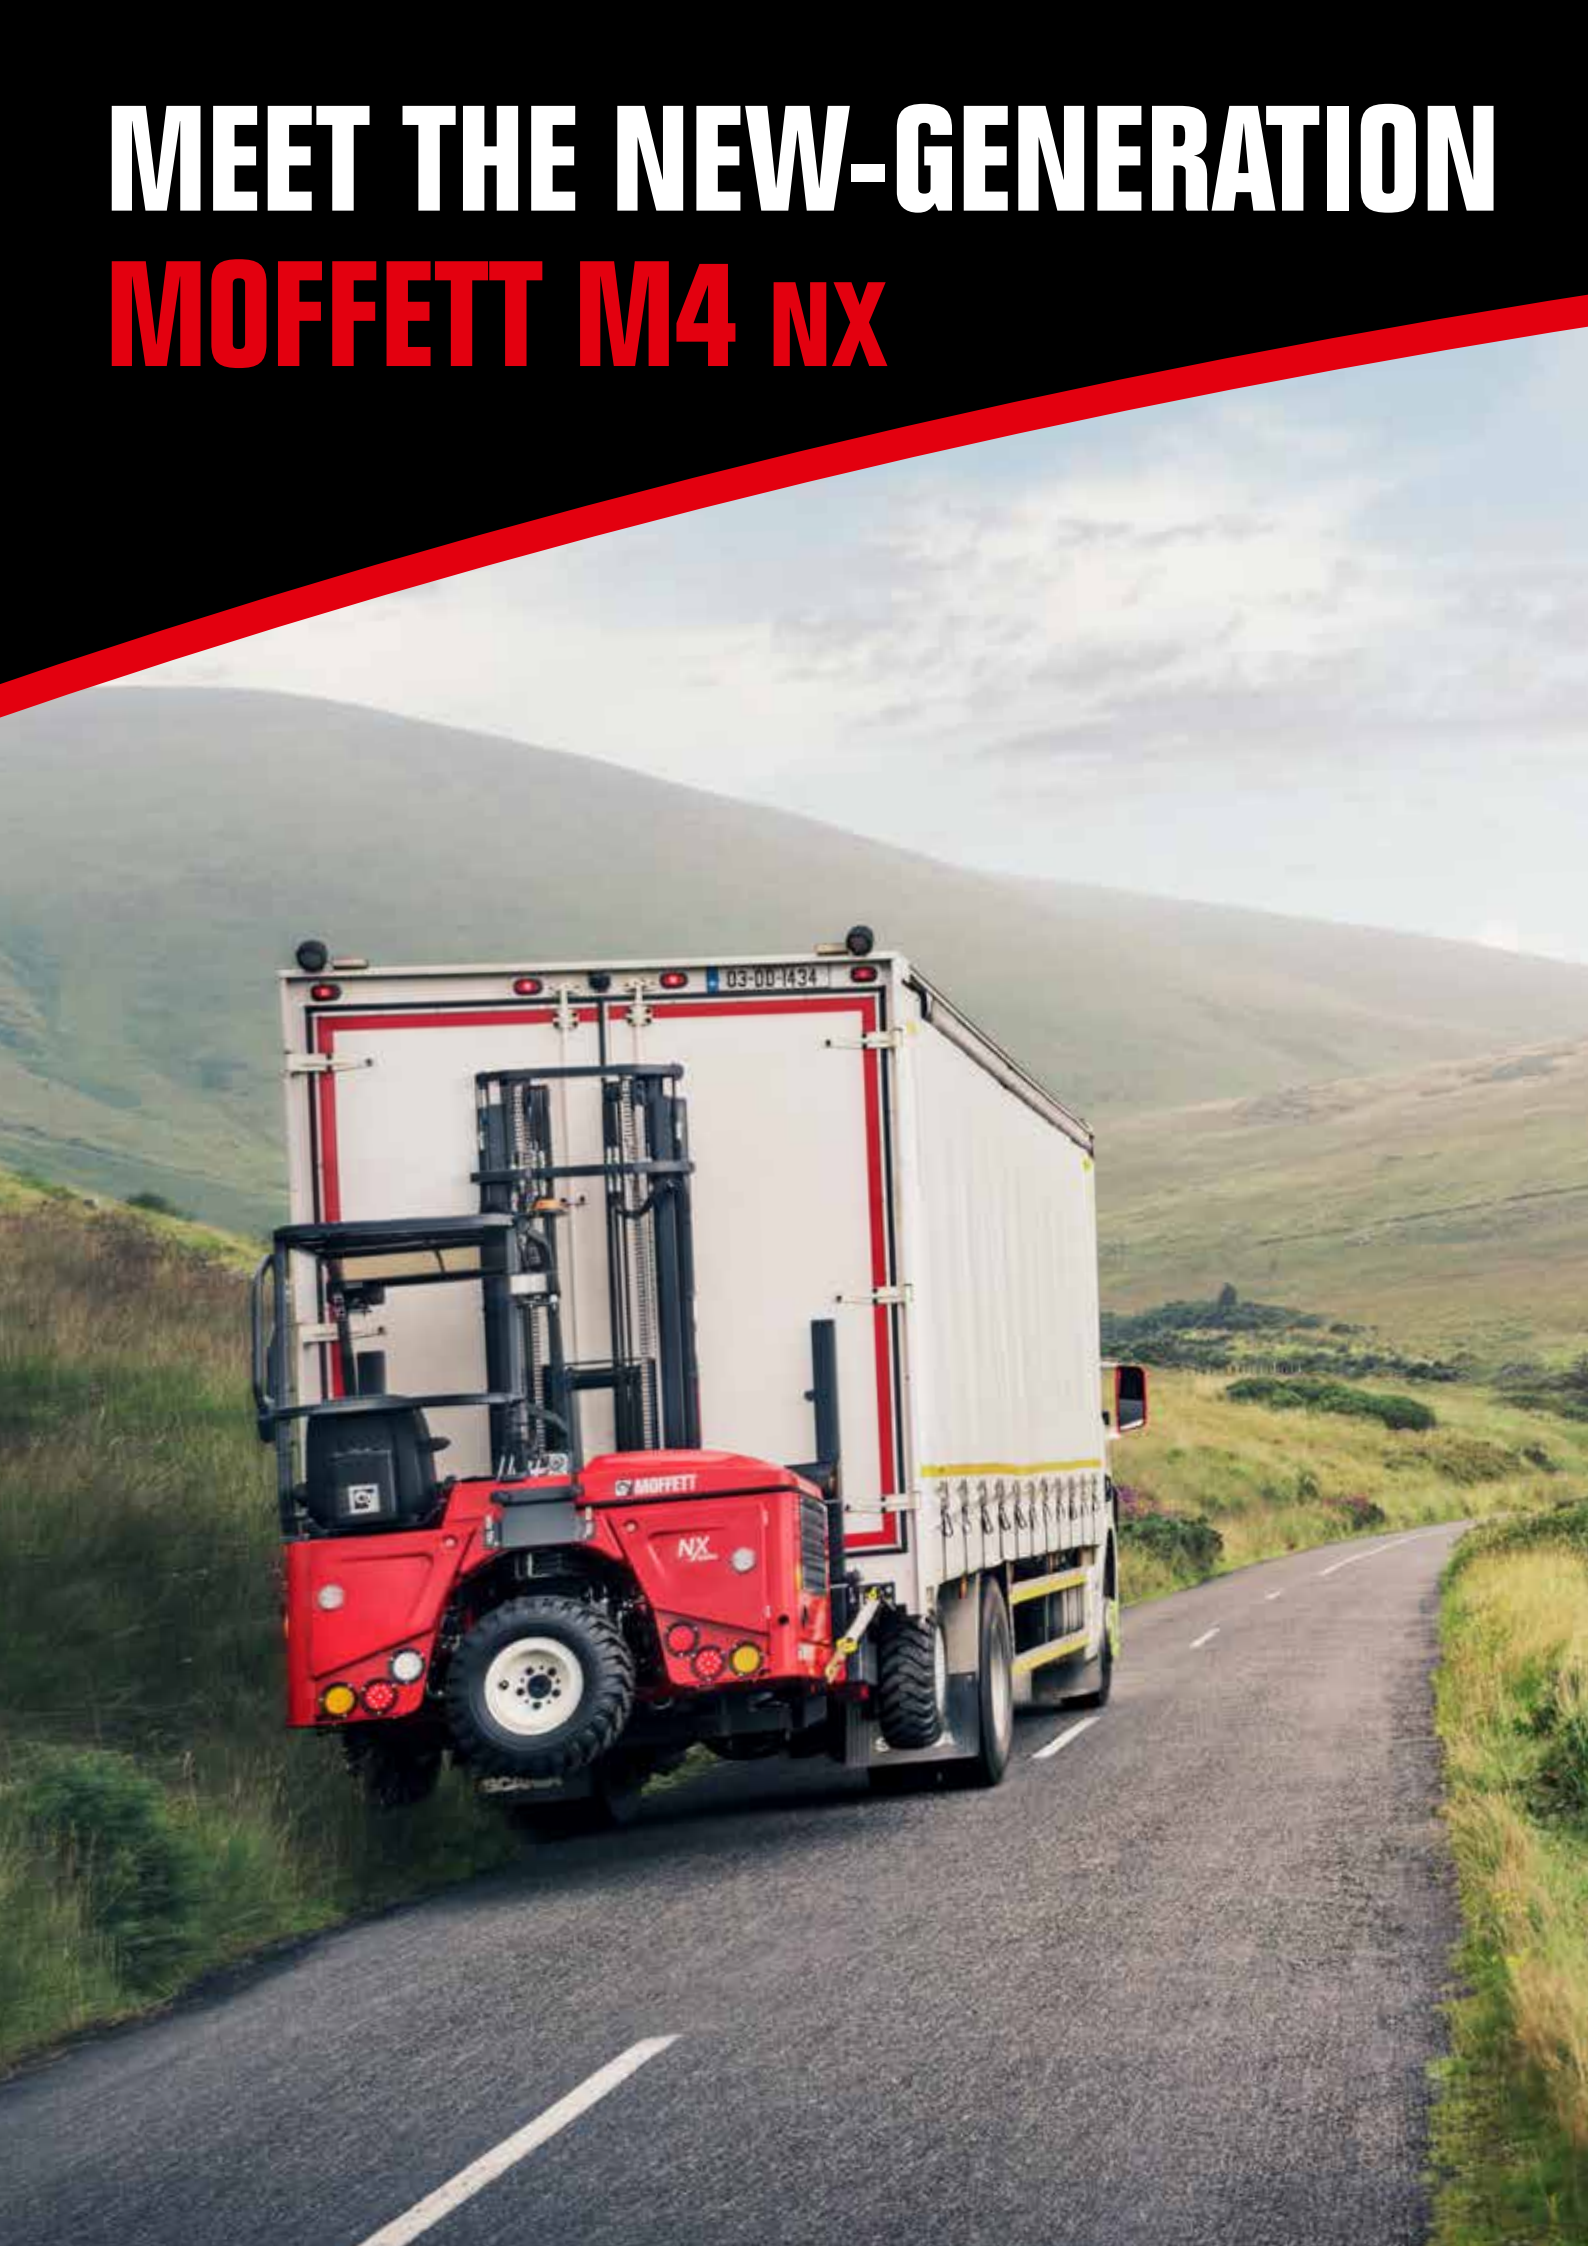
MEET THE NEW-GENERATION
MOFFETT M4 NX



Experience the enhanced performance of Europe's most trusted truck mounted forklift with the new-generation MOFFETT M4 NX. It is packed with improvements – on the inside as well as the outside – to help you get a lot more out of it.

- Better performance
- Easier maintenance
- Enhanced styling
- Improved safety and comfort
- Wide range of options and accessories

Like a Swiss Army knife, the MOFFETT M4 NX is the definition of versatility with a seriously efficient power-to-weight ratio. With a lift capacity of up to 2,500 kg, the M4 NX transfers loads quickly and safely – even across challenging terrain. It tackles all kinds of operations to give you an all-around advantage.

The M4 NX is incredibly powerful, yet lightweight and compact enough to be carried on almost any truck or trailer. It is available with a wide range of options and attachments including 4-way steering for negotiating tight access areas with long loads.

The MOFFETT M4 NX is supported by our worldwide network of service engineers.

When you invest in the new MOFFETT M4 NX, you get a next-generation truck mounted forklift that delivers top performance, is easier to maintain and offers more comfort and safety. Which means your MOFFETT M4 NX spends more time at work – making more deliveries for you.
