Help Feature

Unique feature where user can ask for help if there is vehicle breakdown from nearest SMLI service location.

Real Time Vehicle Location

SMLI fleet picks vehicle location at specified interval and lets you know vehicle behavior along with location over map.

Live Tab

Number of vehicles can be seen in cluster over map. Vehicle groups can be seen with critical alerts.

Report

Vehicle behavior over road can be fetched through report tab. It gives you trip by trip analysis with all details you need.

Dashboard Analytics

Users can see vehicle details along with features like Group, current vehicle status, speed, Location, total KM run in a day, view map and Help feature.

Alert Tab

Exception alerts like over speeding, harsh brake, harsh acceleration, DTC, vehicle battery health, Geofence In/Out time can be seen. It informs you about stops made or driving pattern which can help in longevity of vehicles on road.

WARRANTY*

- ◆ Engine and Transmission - 3 years on unlimited kilometres run
- ◆ Vehicle - 2 years on unlimited kilometres run
