

Massey Harris / Ferguson

1959 Massey Harris Pacer - Owner: Erwin Rytlewski

Steiner Tractor Parts specializes in producing finishing touch parts including emblems, for all brands, and Massey Ferguson tractors are no exception.

1962 Massey Ferguson 50 - Owner: David Shafer

Massey Harris acquired Ferguson in 1953. The new company became Massey Ferguson. This section contains products for Ferguson, Massey Harris and Massey Ferguson tractors.

Some examples of our finishing touch parts are depicted below

MFS110

MFS115

We are very pleased with recent additions to our Ferguson line. The grill for Ferguson TE20, TO20, and TO30 is available - MFS110 (page 385). We also offer the lower grill pans for TO35 gas & MF35 gas & diesel models - MFS117, MFS115 (page 385). Original factory blueprints provided the foundation to produce these excellent quality grill components. These are the best quality products on the market today.

Fits: **MF** models
(Pilot Hole = 4.625", 6" bolt circle)
USA MADE

Dimensions / Weight	Order #	Price
6" x 15" 21 lbs.	WHS042	\$55.95

(Back spacing = 4-3/4")

NEW! 8" x 15" 24 lbs.	WHS070	\$79.95
------------------------------	--------	---------

(Back spacing = 4-3/4")

4-1/2" x 16" 20 lbs.	WHS022	\$59.95
----------------------	--------	---------

(Back spacing = 4")

6" x 16" 24 lbs.	WHS043	\$70.00
------------------	--------	---------

(Back spacing = 4-3/4")

8" x 16" 28 lbs.	WHS045	\$98.00
------------------	--------	---------

(Back spacing = 5-3/4")

What is Back Spacing?

To determine back spacing lay your wheel flat on the ground with the back of the wheel facing up. Lay a straight edge across the wheel & measure the distance from the back side of the mounting surface to the straight edge.

(I.E. The wheel pictured has a back spacing of 3-5/8")

& MF 35 (With or without headlights,
air cleaner or front bumper)

Description / Weight	Order #	Price
Tractor Storm Cover 11 lbs.....	FDS196.....	\$139.35

MYLAR DECALS

(UNLESS OTHERWISE NOTED)

INSTRUCTIONS: Have the pitted area filled, sanded smooth & painted. Wash area with soap & water (new paint included) on which decal is to be placed.

FOR MYLAR DECAL (FILM BETWEEN LETTERING):

Trim to border of design where possible prior to removing white backing paper. Lightly spray the area with window cleaner (do not use window cleaner in aerosol can). Peel white backing paper from decal and place in position. Squeegee window cleaner from under decal beginning in center and working outward. If air bubbles occur, puncture with pin & smooth down. **Please note:** These decals have been printed on a tough mylar film using mylar ink. A pressure sensitive adhesive has been employed on the back of the mylar to insure good adhesion to any clean, hard surface.

FOR VINYL CUT DECAL (NO FILM BETWEEN LETTERING) - SPECIAL ORDER ONLY:

Peel backing paper from decal. The decal will be stuck to the application paper. Align the decal using the design, not the application paper, and firmly press decal into place. Slowly remove the application paper starting at one corner.

Please note: The colors are fused into the vinyl eliminating stacking.

CAUTION: Inspect all decal pieces before applying to tractor. **NO REFUNDS** on mylar decals if applied to surface and/or if damaged. **NO REFUNDS** on vinyl cut decals. Store in a cool, dry place. Do not soak in water.

I & T SHOP SERVICE™ MANUALS

An I & T Shop Service™ Manual tells you how to take a tractor apart, how to fix it and how to put it back together again. These are authentic manuals that deal with repairs in the language of a mechanic with an easy to use format. They include valuable information as to specifications, torques, etc. illustrated by exploded views and photos. If you are in serious repairs or restoration, you need an I & T Shop Service™ Manual. It will offer many short cuts and save you time!

SERVICE MANUAL REPRINTS

A Service Manual Reprint tells you how to take the tractor apart, how to fix it and how to put it back together again. It is a reprint of the manual that the factory furnished the dealer's shop service department, and was not sent or given to individual retail customers. It deals with repairs in the language of a mechanic. Often times it includes valuable information as to specifications, torques, etc. A service manual reprint will offer many short cuts and save you time!

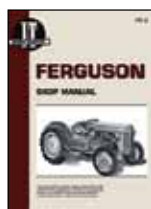

OPERATOR MANUAL REPRINTS

An Operator's Manual (reprints only) sometimes referred to as the Owner's Manual is the manual that came with the tractor. It is the manual that was given to the ultimate consumer by the manufacturer. It can be compared to the manual you receive in the glove box of a new car. This manual gives the owner-operator instructions, shift patterns, capacities (anti-freeze, crankcase, etc.) and adjustment procedures (brakes, clutch, etc). This is a very useful and valuable tool in operating your tractor.
